

Lundin Bowling Club Achieve ClubFife Gold Star Status

Published: Wednesday 24 Aug 2016 by **Fife Council**

Lundin Bowling Club have become the first sports club in Fife to achieve ClubFife Goldstar Status. ClubFife Goldstar award is the top club accreditation status provided by Fife Council Sports Development. The accreditation process involves an in depth review of all aspects of the club including participation, welfare, community links and governance.

Lundin Bowling Club

Michael Kavanagh, Sports Development Officer said "Lundin Bowling Club have merited this award through their great enthusiasm and organisation to look at their club over the past few years and improve on aspects that would make a great difference to the club. They have worked hard to make the club an essential part of the community offering the opportunity for people of all ages young and old to participate in regular physical activity in a fantastic welcoming atmosphere. This is evident through their remarkable increase in membership. This year alone the club have welcomed 47 new members."

The club received their award at their annual members forum on Friday 19th August. John Love, Club President, received the award on behalf of the club. John remarked "We are delighted to receive this award. We feel proud to have reversed the trend in declining participation in bowls and are now a focus club for Bowls Scotland who have highlighted the clubs achievements nationally. Our work in attracting a large number of juniors is extremely pleasing as well as increasing the amount of adults now participating on a social and competitive basis. The club continues to work to improve and be an important part of the community. We are pleased also to announce a partnership with Campion Homes, the well known Fife based house builder, who will be the clubs main sponsor."
